

DIARRHOEA AND/OR VOMITING

30th November 2016

As with many schools at the moment there is a high incidence of vomiting. We are doing everything we can to eliminate the spread of germs across the school.

As a reminder for you if your child is showing signs of sickness and/or diarrhoea:

- Allow 48hours **after** the last bout of sickness or diarrhoea before your child returns to school to ensure they are clear of the bug
- Keep your child hydrated
- Encourage good hygiene – using soap and water at all times to wash hands after visiting the toilet or before a meal.
