

Year 5 Summer 1 Newsletter 2017

Welcome back to Kilmorie. We hope you had a fantastic holiday.

Our topic for this term is *Rivers*. This is a geography focus, which will also be explored through English and Science. We will be learning about the physical features of rivers, looking at how they are formed and how they are used. The children will also be investigating the life cycles of animals that live in rivers.

TOPICS

English:	Poetry inspired by rivers Autobiographies
Science:	Living things - lifecycles and reproduction
RE:	The Sikh community
Indoor PE:	Dance
Outdoor PE:	Athletics
DT:	Beat the Flood: Building a flood resistant home
Geography:	Rivers
PSHE:	Being involved in my community
Computing:	We are cryptographers
MFL:	Food items, differences and similarities between French and English eating habits

For more details, please look at our Summer 1 Curriculum Map on the school website

www.kilmorieschool.co.uk

PE days

This term PE will take place on the following days:

Dominic's Class
Outdoor PE - Thursday
Indoor PE - Wednesday

Shona's Class
Outdoor PE - Wednesday
Indoor PE - Tuesday

Please remember your PE kits for every PE lesson.

Classroom Chicks

This term, in science, we will be observing first-hand the life cycle of chicks that we will be hatching in our classroom.

CLASS VISITS THIS TERM

On our first day back, **19th April**, we visited the Creekside Discovery Centre and kicked-off our Geography topic with a low tide river walk!

On **8th May** and **22nd May**, Shona's Class and Dominic's Class, respectively, will be attending a science session at Sydenham School. This will support our topic of Living things - lifecycles and reproduction.
