

KILMORIE

On 22nd June the annual High 5 Netball Festival for Sydenham and Forest Hill Primary Schools took place at Sydenham School. Six schools took part and the standard of netball was much better this year and improved throughout the evening as the players became more confident.

At the end of each match the players shook hands which added to the friendly but competitive atmosphere. Every match players rotated positions so every player had the opportunity to try out new positions. This is an excellent idea as most players have a chance to try to shoot goals for their team. This year there were two pools,

so we had semi finals and a final. In one semi final Fairlawn beat Rathfern 3-0 but in the other semi final between Dalmain and Horniman, the score was 0-0. We had to have a penalty shoot out which was very tense indeed as it had to go to a sudden death! Horniman won so made the finals versus Fairlawn. It was an excellent final with Fairlawn winning 4-0. While the semi finals were being played Kilmorie and Kelvin Grove entered a 4 minute shooting competition. Mikalah from Kilmorie scored 17 goals and was awarded a gold medal. There was some excellent talent this evening and some players should consider joining a local netball club. Raiders and Sabina Netball Clubs are local and always looking for junior girls.

Congratulations to Fairlawn for winning the festival. The team received medals and certificates. Well done to all teams for competing in such a fun and competitive manner. All players received a certificate.

Thank you to the five Sports Leaders from Sydenham who warmed up the players, organised the teams and umpired with great confidence. They were excellent role models.
