

Yr3 Learning Letter - Friday 8th September 2017

Martha & Lisa's Class

Welcome back to the Autumn Term 2017!

Martha had a lovely day getting to know the children on Wednesday. We spent some time making sure we understand all of the Kilmore qualities - *independent, resilient, honest, collaborative, respectful, empathetic, curious and innovative* - and acted out how these qualities can help us in lots of different situations. The children then 'signed' these qualities with hand silhouettes like Stone Age people!

The children started to find out a bit more about *how people lived in the Stone Age*, and to think about what they already knew about this topic. Everyone is looking forward to finding out lots more next week!

With Lisa the class began to learn about *how to place historical events on a time line*. These events included those they had learnt about in Yr1 and Yr2 as well as significant events in their own lives. They learnt about *decades, centuries and millennia*.

The children listened to the Magic Pebble story and, after hunting for their own magic pebble in the playground, *wrote their first, independent short story*.

Outdoor PE is on
Tuesday.
Indoor PE is on
Friday.
