

APRIL 2018

QUICK STICKS

HOCKEY

KILMORIE.....

SYDENHAM & FOREST HILL PRIMARY SCHOOLS

On Thursday 26th April 2018 we had a very exciting quick sticks hockey festival between three schools attached to **Sydenham and Forest Hill Schools**. Kilmorie, Gordonbrock and Haseltine brought along boys and girls from years 4 & 5 to compete in a round robin festival. Each school played each other twice.

uplifting to see the players shake hands at the end of each game and congratulate each other.

Thank you to 4 year 9 students and 1 year 10 student for umpiring and coaching the players and officiating the matches so well. They were excellent role models to the primary school pupils.

The festival took place on the MUGA. The standard was very high with all pupils showing excellent stick work and control of the ball. This was the first quick sticks hockey festival and I must say I was really impressed. Each team were only allowed two boys and two girls on the pitch. The game states that no one stays in goal, so it was very exciting to see the players suddenly read the game and watch a player run in to defend the goal.

Several pupils should consider joining a local hockey club because so many have potential of playing at club level.

Well done to all players!

The results were very close but Kilmorie were the winners winning three games and drawing one.

Each player received a certificate and the winning team a **GOLD** medal. It was
