The Local Authority is working with the Parent Forum and other local groups on a new SEND guide for parents and carers in Lewisham. We would like you to come along and be involved by sharing your views on what could be improved for your child.

We need to have a clear guide for children and young people as they travel through the various systems and processes that are part of the Lewisham's children's and adult services.

It is very important that parents share their experiences with service providers as you are the voice for your child.
