

Yr3 Learning Letter - Friday 7th September 2018

Welcome back to the Autumn Term 2018! Yr3 have had a thoroughly immersive three days in which they have begun to learn about chronology.

- They created a map entitled *All about Me* and wrote a letter sharing interesting information about themselves.
- They made a delicious porridge recipe, to try to understand the resources that were available in the Stone Age and how they were used.
- To promote the qualities of the Kilmore Child, the children worked in small teams to problem solve by creating 'cave paintings' to convey messages to others who spoke a different language. They experimented with pigments from crushed leaves and berries.

What a lovely day we had getting to know each other on Wednesday. We spent some time making sure we understand all of the Kilmore qualities - independence, resilience, honesty, collaboration, respect, empathy, curiosity and innovation.

The class started to find out a bit more about how people lived in the Stone Age, and to think about what they already knew about this topic. Everyone is looking forward to finding out lots more in the coming weeks.

All Yr3 children have been issued with a very special Kilmore draw-string bag which can be used for their PE kit.

PE times are as follows:

María's class: Wednesday (Indoor) and Thursday (Outdoor)

Imogen's class: Wednesday and Friday

Valerie's class: Outdoor Wednesday, Indoor Tuesday

Please ensure on those days your child brings a change of clothing and appropriate footwear to participate in this important curriculum.

Please practice these spellings with your child:

eight
eighth
eighty
weight
neighbour
vein
veil
beige
sleigh
freight

PLAYTIMES

In Yr3 children may bring a fruit snack for playtimes.

READERS WANTED!

If you can spare an hour to help with reading it would make a big difference to our children's learning. If you can, please have a chat with your class teacher and/or María Johnson our Deputy Head.
