

Year One Home Learning Week 3 - 15.03.19

This week we have been:

- * Hot seating the character of Beegu and creating questions for her
- * Creating a class nature poem
- * Creating group poems based around the feelings of Beegu
- * Counting in 5s
- * As part of British Science week, each class has been on a nature walk. We have been describing what we have observed using our senses.

For home learning, you can.....

- Watch 'Chocolate cake' and other poems by Michael Rosen:
<https://www.youtube.com/watch?v=7BxQLITdOOc>
- Count the fingers of everyone you live with in 5s.
- Go on a nature walk and use your senses to explore what you observe.
- Look at the 100 square below and use it to count in 5s. Colour the numbers in the pattern.

A big thankyou to Thomas's mum for coming in and talking to all 3 year 1 classes about her role as a scientist. The children were fascinated!

Phonics

In Naomi's phonics group we have been revising phase 5 split digraphs. We have also been learning to read 2 syllable words.

In Sophie's phonics group we have been revising all alternative spellings of the sound /a/, (ai, ay, a_e, aigh, eigh, ey) and working out which ones are the most common. We have also looked at different ways to spell the sound /c/ (x, ck, s).

In Fiona and Sarah's phonics group we have been learning alternative spellings for 'u' (some, son) 'ee' (happy, honey) 'ear' (here, deer) 'ar' (father, half), revising high frequency words and common exception words

In Leela's group we have been learning alternative spellings of 'ee' (steam, dream, read), 'oi' (boy, toy, enjoy) and 'ur' (girl, sir, third). We have also been practicing the tricky words: Mr, Mrs, looked, called and asked.

In Rez's phonics group this week, we have been learning the digraphs 'ie' (pie, die, tie) and split digraph "i_e" (kite, slide, like). We have also been learning the tricky words: little and there.

Have a fantastic and fun weekend!

NB - There will no group reading next week
