

This week we have been retelling the Three Little Pigs story using actions, creating story maps, books and innovating the story to include our own characters. In **maths** we have been telling maths stories based around subtraction – that wolf has been eating a lot of pigs! *Can you act out a subtraction story at home?*

Phonics

Ashleigh

This week we have learnt the graphemes **ear** and **air** and **was** is our tricky word of the week.

Philippa

This week we have been reading and writing compound words (eg foot ball - football) and words ending in **er** without a digraph (double letter) before it eg winter and put these into captions.

Marcus

This week we have been practising our blending skills and writing sentences to include a capital letter and a full stop in the correct place.

Jacky

We have been learning the digraphs **oa**, **oo** (book, cool).

Notices

- Thanks so much for your donations at our fruit kebab and popcorn sale – we raised over £80 to put towards developing our outside learning area!
- If you have any items which can be taken apart – workshop style – then we will have it eg clocks, radios, broken electrical items. We will be setting up a workshop in our outside area.
- **JUNK MODELLING:** we are running low, so any clean recycling that we can use for a special project next week will be gratefully accepted!
- Next week, instead of reading individually, we will be playing subtraction games but still changing books.

Have a lovely weekend *from all in Reception*
