

# Reception News

6.4.19

This week we have been making our own choices about the activities that we can choose from. We set up our own obstacle courses in the outside area and created snail hotels. We have opted to make purses, set up a decoration shop and, most importantly, been caring for our very own egg! Instead of individual reading this week we made up subtraction stories in small groups and recorded them on whiteboards – well done everyone!

## Phonics

### Ashleigh

This week we have revised the graphemes **ear** and **air** and learnt the new digraph **er**. Our tricky words are **all** and **are**.

### Philippa

This week we have revised phase three tricky words, reconstructed cut-up sentences and practised our handwriting for the c family of letters (c, o, a, g, d, qu, e).

### Marcus

This week we have been playing games to challenge our phonics knowledge so far, revising what we have learnt and applying it when writing sentences and questions.

### Jacky

We have been learning the digraphs **ar** and **ur** (car, burp!).

## Notices

- Have a lovely Easter break!
- Keep practising your subtraction skills including counting back to find the answer.
- Next term we will be arranging a Saturday where volunteers (including us!) will be sprucing up the outside area. If you have any spare external paints, building skills, green fingers or time, please speak to the team!

Have a relaxing break,  
*from all in Reception*
