

Bears, Lions and Tigers - we have a busy last couple of weeks coming, so hang on in there! This week we have been working further on our Take One Picture projects – you really should come and see the final open evening to get the full impact of all the children's work. We have been listening to a selection of Michael Rosen poems and would love to hear from the children if they know any poems of their own?

Phonics

All classes have been consolidating what we have learnt so far - writing sentences and playing word games. From next week we will be playing word games etc in our own classes.

Maths

We will be looking at measures and number recognition through cooking and shop play over the next couple of weeks.

Notices

- We will not be reading individually with the children now, so please **return any school books** you have at home – look under beds and behind the bookshelves!
- If your child brings in and leaves their empty book bag they can use it on the last day to take home any drawings etc
- We will take all the children round to see the Year One area, toilets, classrooms and play areas when details of their next class are released, but do take the opportunity to do this and speak with their new teacher on Take One Picture Open Evening when you are looking at all the artwork.

Dates to note...

- Sports day – Weds July 10th
- Reports sent home – Friday 12th July
- Take One Picture Open Evening – Monday 15th July
- Meet your new teachers (provisional) – Children get a visit from their Year One teacher – Weds July 17th (Details will be sent out as soon as final decisions have been made...)
- Kilmorie BBQ – Friday July 19th

Have a lovely weekend!
