

Year One Home Learning

Week 27.9.19

WHERE THE WILD THINGS ARE

STORY AND PICTURES BY MAURICE SENDAK

This week we have been ...

- * reading and enjoying the story 'Where the wild things are'.
- * thinking about the main character, Max, and exploring his feelings through-out the story.
- * making wolf masks, claws and props for our role play area.
- * exploring, discussing and making our own fantasy settings.
- * hunting for things that can come in twos and learning to count in multiples of two to 10.
- * adopting a class tree, which we will observe through-out year 1.

In phonics...

We have been revising phase 4 sounds and reading and writing sentences using them.

For home learning, you can...

- * find how many feet you have in your house counting in groups of 2!
- * find different objects to make groups of 2 and count them up to 10.
- * make sure you read your reading book to an adult.

Have a fabulous and restful weekend!
