

## Year One Home Learning 22.11.19

This week we have been .....

- \* Making teen numbers on tens frames and with blocks.
- \* Innovating traditional tales by changing parts of the story.
- \* Programming a beebot to move between the capital cities of the UK on a map.
- \* Starting to think about and make decorations for our class Christmas hoop!

For home learning, you can .....

- \* Create an algorithm for brushing your teeth!
- \* Innovate the ending to your favourite bedtime story.
- \* Spot some teens numbers around your house or on the way to school.

### Phonics

In Sophie's group we have been learning phase 5 ew as in chew, ey as in money and oe as in toes. We have also been learning to write these tricky words in a sentence: said, so, have, like.

In Sarah's group this week we have been learning alternate pronunciations for the following graphemes- o (hot or so), i (tin or mind), g (gap or gentle), c (coat or cycle) and u (run or humour).

In Stephanie's group we have been reviewing phase 5 digraphs, ew (e.g. screw), ph (e.g. dolphin) and wh (e.g. whisk) recapping tricky words: have, come and some

In Rez's group we have been recapping the sounds **igh** and have been learning the sounds **ar** as in car, jar, dark... as well as the sound **or** as in torch, fork, corn. We have also been busy recapping all our phase 3 tricky words including **they, her, you, was, me, are.**

In Leela's group we have been revising sounds /igh (night), /ee (how) and /or (fork). We have also been practising tricky words 'or' 'are' and 'into'.

**On 5<sup>th</sup> and 6<sup>th</sup> of December year 1 will be performing in their winter show. Please can the children wear red, green or both for these performances!**

**The Year One Team**

Direct the bear to the tent through the maze using Beebot instructions:

- forward**
- turn left**
- turn right**
- backwards**
