

This week we have been ...

- practising controlling a football by rolling it with our feet

Show somebody where you put your weight when you are controlling a ball. Use an 'invisible' football if you have to (perform a mime).

- learning how to use an atlas to locate the continents and oceans. Practise locating different places on a map or using an atlas.

Remember to use the INDEX.
Why do the maps have a KEY?

- making predictions, asking questions, clarifying unfamiliar words or phrases and summarising what we have been reading

Read a page from any book, close the book and explain the events in your own words (this is summarising).
Predict what might happen next.

- using an empty number line to add and subtract two-digit numbers and solve word problems

$$24 + 12 =$$

$$34 - 11 =$$
