

31<sup>st</sup> March 2020

Dear Kilmorie Families,

I hope you are all managing at home and keeping healthy.

I just wanted to update you about the remote learning. Our first priority was to get it up and running. We have now further adapted the website to make it more accessible and easier to navigate.

The remote learning is organised into year group pages. On each page there are 4 further sections:

- **Weekly Learning** - The most recent and current weekly learning will be at the top and previous learning will be in date order. It will be updated every Monday.
- **Class Letters** - Class teachers will be sending a letter every week (term time) to their classes
- **Additional Resources for All Years**
- **Additional Resources by Year Group** e.g. spelling lists, 100 squares, reading tips, phonics sound mats, wellbeing advice from Nicola, followed by specific links for the year group

We won't be setting school work for the Easter holiday but teachers will suggest some 'fun' activities.

I have also attached some general advice about home learning which you may find helpful.

Please remember that we have a helpline running everyday between 10am and 12pm and you can email us at [info@kilmorie.lewisham.sch.uk](mailto:info@kilmorie.lewisham.sch.uk)

Best wishes  
Liz X
