

Year Two Home Learning

Spring 1, Week 4 03.02.23

This week...

- In English, we have continued writing our own versions of Ponko and the South Pole. We have practised using exciting adjectives in expanded noun phrases to make our stories more interesting for the reader.
- Try writing some interesting sentences, or a short story, to describe these scenes from *Ice Trap!*

- In Maths we have continued learning about money and finding change when buying different items.

I can buy...

You have these coins.

Circle each toy that you can buy.

28p

- Our science topic is plants. We have been learning about how seeds are dispersed using drama to show the different ways.

If you have any plants or cuttings to spare, we would be really grateful as it will give us an opportunity to monitor their growth over time.

We have also been exploring the different conditions that affect germination.

Class visits - Next week is very busy! We have the following class visits:

- Tuesday – Dulwich College (Sarah's and Kate's classes)
- Wednesday – Brightsparks Concert at Royal Festival Hall (all Year 2 classes)
- Thursday – Dulwich College (Shona's Class)

Spellings: What strategy do you use to remember these words?

clothes _____

would _____

could _____

house _____

mouse _____

our _____

What is the same? What is different?
