

Year Two Home Learning

Spring 2, Week 6 31.3.23

This week:

- In English we have been answering the big question:

What impact has climate change had on Antarctica?

- We held a mini-debate where half the class supported the proposal:

Tourists **should** be allowed to travel to Antarctica

The other half of the class opposed it. Each side presented their argument and at the end of the session the rest of the class voted. Do you agree with the proposal?

- We created posters to inform the reader about the impact of climate change on Antarctica.

- In Maths we have been learning the 10 times tables and the 5 times tables, and the related division facts. Use the sheet attached to practise your times tables at home. Play this game:

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Write $<$, $>$ or $=$ to compare the multiplications.

a) 6×5 6×10

b) 8×5 4×10

c) 9×5 4×10

d) 4×5 3×10

Did you need to work out the multiplications?

- On Tuesday we shared our amazing drumming performance with parents/carers. Thank you to Emily for all her hard work.
- For international week we learned about Portugal. We listened to Fado music which originated in Portugal, found out why the cockerel is an important symbol, and wrote a poem inspired by the sea.
- In DT we have been working hard making our explorer's bag. We are amazed at the childrens' sewing. It's fantastic!

We would like to thank you for your continued support and we hope that you all have a great Easter break. See you on Monday 17th April 2023.

2, 5 and 10

$$1 \times 2 = 2$$

$$2 \times 2 = 4$$

$$3 \times 2 = 6$$

$$4 \times 2 = 8$$

$$5 \times 2 = 10$$

$$6 \times 2 = 12$$

$$7 \times 2 = 14$$

$$8 \times 2 = 16$$

$$9 \times 2 = 18$$

$$10 \times 2 = 20$$

$$11 \times 2 = 22$$

$$12 \times 2 = 24$$

$$1 \times 5 = 5$$

$$2 \times 5 = 10$$

$$3 \times 5 = 15$$

$$4 \times 5 = 20$$

$$5 \times 5 = 25$$

$$6 \times 5 = 30$$

$$7 \times 5 = 35$$

$$8 \times 5 = 40$$

$$9 \times 5 = 45$$

$$10 \times 5 = 50$$

$$11 \times 5 = 55$$

$$12 \times 5 = 60$$

$$1 \times 10 = 10$$

$$2 \times 10 = 20$$

$$3 \times 10 = 30$$

$$4 \times 10 = 40$$

$$5 \times 10 = 50$$

$$6 \times 10 = 60$$

$$7 \times 10 = 70$$

$$8 \times 10 = 80$$

$$9 \times 10 = 90$$

$$10 \times 10 = 100$$

$$11 \times 10 = 110$$

$$12 \times 10 = 120$$
