

# Year Two Home Learning

## Summer 1, Week 4 12.05.23

### This week...

- In Maths we have been telling the time.

<p>Which answer?</p>  <p>Explain to your adult how you can tell the difference.</p>	<p>Challenge: Poppy has been walking her dog for an <b>hour and a half</b>. It is now:</p>  <p>What time did Poppy start walking the dog?</p>
--	--

- In English, we have been improving our poems by choosing verbs and adverbs which match the animal's movements.

Which verbs would you use to describe these animals?

- In geography, we have been exploring tropical rainforests. In some areas of rainforest you can set your watch by the afternoon rains, they are so regular! Keep a weather diary for a week, noting down the weather at the same time every day. How varied is the weather where you live?

Have a lovely weekend!
