

Year Two Home Learning

Summer 2, Week 2 16.6.23

It has been a busy and hot week in Year 2! We hope that the children aren't too tired following Sports Day and a trip to the Horniman for Kate and Shona's classes. Thank you to all those who helped.

This week....

- On Wednesday we had Sports Day at Catford Cyphers Cricket Club. The children were brilliant and collaborated so well with their team members. We were so impressed!
- We have continued to make our products for the Great Kilmore Design Challenge. We are looking forward to sharing them with you later this term.
- In English we have been writing instructions, informing the reader how to make our sustainable products.
- In Maths we have continued to read scales to compare mass, capacity and temperature.

Match each image to the best unit of measure.

volume of a 	kilograms
height of a 	millilitres
mass of a 	grams
mass of a 	centimetres

A bottle has a capacity of 40 ml.
A cup has a capacity of 5 ml.

	
40 ml	5 ml

Ron uses the cup to fill the bottle.
How many cupfuls will he need?

Upcoming dates for your diary:

- 23rd June – INSET day
- 30th June – Shona's class assembly
- 30th June – Visit to Hindu temple – letter will follow next week
- 4th July – Visit to Kew Gardens

We hope that you all have a fantastic weekend!
