

Email to Parents (Reception to Y6): 29th January 2021

Dear Parents and Carers

Below is a link to the remote learning questionnaire for parents, which we would like you to complete. The form will close at the end of the day on Friday, 5th February 2021.

[Remote Learning Questionnaire](#)

Going forward, to help us to help you we have linked up with The Big Lockdown Parent Survey for research on home learning and the impact that this is having on family life during the lockdown. Further details are as follows:

Our school has been selected to participate in a national study about how children are learning at home and the impact lockdown-learning is having on family life.

To help us do this, we would like you to download and use a free survey app called [Parent Ping](#). They will ask you a few questions each day and show you see how other parents are coping in lockdown.

When you first sign in to the app it will ask you your school name [**Kilmorie Primary School**] and for the first part of the postcode [**SE23**] Please do this carefully so we can make sure all your answers are included!

The benefits to you:

- See how other parents answer the questions
- A chance to win a Chromebooks in the national weekly draw
- A chance to win a £30 Amazon voucher in our school's weekly draw

The benefits to the school:

- When at least 60 parents are answering the survey questions each day, we will be sent a set of results that compares what you think to what all parents in the country think. This will help us better understand your needs and challenges around home-learning.

You don't have to join in if you don't want to, it's completely voluntary, but this is a great time to share your opinions, not just with us but with other parents and with the people who make decisions about education in England.

If you would like to know more about the project, please see <https://parentping.co.uk/the-big-lockdown-learning-parent-survey/>

Best wishes

Kate Glasheen
