

Reception News 18.6.2021

This week in Reception

We have continued with our art work, painting ourselves, painting our favourite toy in abstract ways and using our sketchbooks that we have all created for ourselves. The children are continuing to be inspired by Jadé Fadojutimi and are finding their own ways to represent their identities and feelings.

Our secret number this week is 20. We have used all our different skills to know this number: laying objects out on a tens frame, halving, part-part-whole, counting in 2s and finding we land on 20, briefly introducing the word 'even'.

Phonics

Philippa's group

We been thinking of our own sentences to accompany different pictures, trying to get the flow of writing as well as remembering the Fab 5.

Bethan's group

We practised reading to sort real and fake words.

We had to write our favourite word from a choice of 2 pictures then we voted on which was the most popular picture. The focus on the game made writing fun for all

Ashleigh's group

We have been reviewing all previous sounds learnt using lots of fun games inside and out including using water squirters in response to sound talk and big and bold chalk writing.

To finish the week we played high frequency word bingo.

Katrina's group

The group have learnt ch, sh, th and ng. A song has helped them to remember the action and sounds. Do ask them to show you at home.

Next Week

We will continue our art project and continue to explore the number 20 - using pattern and shape as well as more problem solving with numbers.

Request

tiny junk modeling boxes and cartons
and less likely,

large canvases, ideally about 3m long x1m wide!

Thank you

We are delighted with large items and the plants that have been donated. The children have been fascinated and asked lots of questions. The plants are scheduled for replanting next week. Thank goodness for the rain.

Coats

Please take a peek at the weather forecast and send your child with a coat if there is any likelihood it may rain at all that day.

Road closure at drop off and collection

Please do not let your children play in the road or around the parked cars. It is lovely that the road is quieter, but it has caused some problems with local residents getting cars damaged by children scooting etc. Please also be aware that residents cars, bikes and motor bikes will still use the road at these times.

Please check the Reception page of the Kilmore website for photos and other information.

Best wishes,

The Reception Team
